

PROGRAMMED

PROGRAMMED CELEBRATING

70 years

1951-2021

Achieve the most for your community

Expertise that makes maintenance easy
and affordable for local councils and
government authorities

Build a vibrant community

Attract families and businesses to your region through striking assets and facilities that look great and are well-maintained. From playgrounds and parks, to libraries, aquatic centres, town halls and offices, make your local council or government authority the place people want to live shop and work in.

Keep your high-profile sites and key community facilities looking stellar.

Speak to us today and see how we can help:

- Internal & external painting
- Graffiti removal
- Wash downs
- Remedial repairs
- Refurbishments
- Line marking
- Difficult and heights access
- Abseil painting
- Heritage projects
- Gold leafing
- Colour changes
- Grounds
- Signage

Our broad range of services enables us to provide you a complete end-to-end solution so that each asset looks just the way it should, no matter its age, use or asset type.

Taking maintenance from good to great.

Know your assets

Understand your assets and target maintenance accordingly. While you may have a fairly broad portfolio of assets to consider - including facilities such as childcare centres, parks, libraries, council chambers, park benches, sporting centres, driving ranges, aquatic centres and civic centres - be assured that Programmed can provide you a tailored plan for each

Prioritise your projects

Let us assist you with financially responsible maintenance planning so you can properly prioritise sites and projects.

Accurate scoping, proper budgeting

A clear scope and implementation plan provides you detailed works programming and accurate costing in line with stipulated deadlines so your projects are delivered on-time and within budget.

Fast turnarounds

Quickly mobilise projects on your list and complete large jobs within narrow timeframes. Our experienced and appropriately qualified trades teams can undertake work at short notice and for concurrent multi-site works.

Ensure Safety

We'll keep your residents, staff, and visitors safe through our extremely rigorous safe work approaches and site plans.

Single contact, total solution.

Simplify your communication and implementation. Programmed provides a single point of contact and end-to-end project management, every time.

Keeping it Local

With many of our teams living locally in the municipalities we maintain, you can be sure of results we are proud to walk past every day.

Maintenance your way.

Tailor solutions to your needs. Rather than a one-size-fits-all solution, our consultative and collaborative approach ensures a thorough understanding and plan customised to the unique requirements of your council and assets.

Visual changes

Repainting to a different colour palette? Envisage your facility's new look before committing. Ask us how we've helped customers know for sure what their new look sites will look like before the work is even done.

For well-presented facilities, sites and buildings that are accessible and safe all year round, speak to Programmed today.

“Programmed displayed a clear and comprehensive understanding of the required work and all our stakeholders are very pleased with the final product.”

David Wilson, Building Construction & Maintenance Officer, Linwood Estate

Local.
Just like you.

Safe. Stable. Reliable.

Safety is at the forefront of everything we do.

We can assure you of speedy mobilisation, readily deployable resources and the ability to flex and scale teams to requirement.

We've been servicing customers since 1951. We'll partner with you today, tomorrow and for a long time to come.
